BREEZE 2

Product Description

Ascensia Breeze 2 Blood Glucose Monitoring System The Ascensia Breeze 2 Blood Glucose Monitoring System gives you effortless testing with every use. It features single-function buttons that are easy to use and understand. Cleared for multiple site testing you can now test the finger, forearm, palm, abdomen, or thigh. With a comfortable and convenient shape, the Ascensia Breeze Meter fits perfectly in the palm of your hand and is stable for table-top testing. Now you don't have to fumble with individual test strips. One easy-to-load Ascensia AUTODISC includes 10 individual test strips. The Ascensia Breeze Meter has automatic coding and underfill detection, just a tiny blood drop is required because the test strip automatically draws in the right amount with "Sip-in Sampling" .
